Navigate to the bed then find a chocolate jello and take it and give it to me.

Objetivos G

```
go(bed)
find(chocolate jello, kind=object)
take(chocolate jello)
deliver(chocolate jello, to=me)
```

Acciones operativas P

```
go_to bed
find_object chocolate_jello_1
take chocolate_jello_1
go_to instruction_point
approach host_1
give chocolate_jello_1
```

El estado esperado pasa de no sostener un objeto a sostenerlo y después entregarlo.
